

MESSENGER MUSIC ANNOUNCES A NEW SINGLE FROM BRIAN BURR, 'RANDY'

Life returns, 'Randy!' is released – and so are we!

(July 20th, 2021 – Los Angeles, CA) American born, Copenhagen based singer-songwriter Brian Burr announces his 3rd release, bringing a new adult pop sound to fans with his new single, 'Randy!' Burr's first two comeback singles have already received solid airplay in both Europe and U.S and have led to more than 30.000+ new 'followers' on Facebook – in 5 months.

Burr states that "After all the illness, sadness and isolation so many people have endured during this pandemic, I felt that a fun, summer rock number like 'Randy' was the right choice for a new release now. I just feel a serious song would be a bit out of place this summer."

This 3rd Single is also from Burr's first solo album, 'Even Children Get Older,' but he is no newcomer to the music charts. Once, as the lead singer of the promising band Sensory System, they had top 10 hits. But, something changed his life trajectory: "After a European tour, I came home to find that my 18 month old daughter didn't recognize me! I was shocked. I felt I really didn't have much of a choice. My most important job was that of a father."

Producer and pianist Claus Kilpatrick helped bring out Brian Burr's passionate style on his anticipated 10-track album. The album contains memorable lyrics, reflective references and a narrative to the counterculture generation. We are currently releasing various singles from the album throughout 2021 on Messenger Music, before the album full release.

Despite past performances at several notable festivals like Roskilde Festival, two well-received albums, and a fan following in various countries, Burr states that "Clearly, it's quite a challenge to pursue a comeback after all these years. But, I'm so excited about the overwhelming support I've received from all these new fans. It's something to work for and just pushes the bar up!"
