MESSENGER MUSIC ANNOUNCES A NEW SINGLE FROM BRIAN BURR, 'ROSIE'

Some memories never fade….

(March 17th, 2022 – Los Angeles, CA) American born, Copenhagen based singer-songwriter Brian Burr announces his next release, bringing a new adult pop sound to fans with his new single, '*Rosie'*. Burr's first 4 comeback singles have already received airplay in both Europe and U.S and led to more than 55,000 new 'followers' on Facebook.

'Rosie' is a classic from Jackson Browne written with his roadie, Donald Miller. "This song was always a favorite with my son, Daniel, and for good reason. It's an amazing song. I just had to do it – making it almost unrecognizable from the original!" Brian Burr explains

This 5th single is also from Burr's first solo album, but he is no newcomer to the music charts. Once, he was the lead singer of the well received rock band 'Sensory System.' But something changed his life trajectory: "After a European tour, I came home to find that my daughter didn't recognize me! I was shocked. I felt I really didn't have much of a choice."

Producer and pianist Claus Kilpatrick helped bring out Brian Burr's passionate style on his anticipated 10-track album titled, '*Even Children Grow Older'*. The album contains memorable lyrics, reflective references and a narrative to the counterculture generation. We are currently releasing the album as singles throughout 2022 on Messenger Music.

Despite past performances at several notable festivals like Roskilde Festival, two well-received albums, and a fan following in various countries under his belt with his previous band, Burr states that "*Clearly, it's a huge challenge to pursue a comeback after all these years. But I'm so excited about the overwhelming support I've received from new fans."*
